

Series Info....

When Love Called was never intended to be a stand-alone book, as there are just too many other stories that need to be told. The Glenfield Series reaches farther than the lives of Caton (pronounced Kay-ton) and Lily Harvey, and their family.

Mary's Gift

Mary's Gift

A Glenfield short story

"If you had to choose between saving yourself and saving your baby, what would you do?"

There's something about Mary, and you will discover what it is when we explore Caton and Mary's life before Mariah was born. This prequel to *When Love Called* sets the stage and launches the Glenfield Series, and explains why *When Love Called* opens on Caton, who is standing in an empty hospital room, reeling from the loss of his young wife.

When Love Called

When Love Called chronicles the days when Caton builds the incredible Glenfield Mansion, and tells the story of his meeting Lily through that strange phone call that introduced them. In this book, I introduce several characters who will each receive focus in the upcoming books. So, here is how it will all break down:

A Glenfield Wedding

This novella picks up immediately following Lily's arrival at Glenfield, where she and Caton begin the courting process. This story will satisfy the readers with a romantic Glenfield wedding in the glorious flower garden near the fountain.

Then Came Grace

Then Came Grace

Book II in the Glenfield Series

“Sometimes it takes a tragedy to end a tragedy.”

Then Came Grace returns us to Glenfield a couple of years following the conclusion of *A Glenfield Wedding*. This full-length novel has three significant subplots that will keep you guessing!

Lily is now getting the hang of being a stepmother to six-year-old Mariah, who is full of adventure and could be identified as precocious. God uses Mariah in a special way to reach a family who has fallen on hard times, and the way God brings them all together is nothing short of Divine intervention.

Then Came Grace also focuses on Jayne, whose lifestyle has allowed her past to catch up to her, and she finds herself in more trouble than she can handle in Columbus, Georgia. Fortunately, Lily is only a phone call away. But can Caton and Lily get to her in time to save her without getting into trouble themselves?

The other significant storyline told in this book will give you more information about Mrs. Davis’ daughter, Jackie, who has been missing for several years after last being seen in Eastern Europe. FBI Senior Special Agent Steve Turner will lead the investigation that will take him deep into the Amazon Jungle in an effort to bring her home alive.

Dinner at Chef Lee's

A Glenfield short story

Join Lily as she spends an afternoon with a friend she meets while staying in the hospital in Columbus, Georgia. This short story will give you a glance of Lily as she reaches out to help her friend discover why God has spoken to her. If God has spoken, what did He say?

A Matter of Justice

Book III in the Glenfield Series

"Sometimes when love is injured it becomes a matter of justice."

This full-length novel tells the story behind the story, and explains what happens to Jayne while she disappeared in Columbus, Georgia. *A Matter of Justice* runs parallel to *Then Came Grace*, and crosses into that storyline several times. Meet the investigative team who will do everything in their power to bring swift justice on Jayne's behalf. The story will stretch as far as West Texas, where old secrets have been buried in the fictitious town of Justice. Will this investigation be the end of Detective Riley Oliver? Or will he allow his own troubles to destroy his own family? Is there any way Glenfield can bring aid to a man who desperately needs their help?

Dinner at Mugsy's

A Glenfield Short story

Caton and Lily are on a road trip, and you will connect with them as they stop at a small town in Idaho to say hello to an old friend. *Dinner at Mugsy's* is a warm, sweet story that will leave you smiling.

Ivy's Twist

Book IV of the Glenfield Series

"Most people want to do the right thing."

At long last, Jayne has found her true love, and prepares yet another Glenfield wedding that could possibly rival Lily's own special day. But, Jayne can't do anything except follow her mantra, "Go big or go home." Jayne sets off on her fairytale life only to discover that God has other plans for her and her new husband.

This story takes us back to South America, where Jackie has been spotted, and a very narrow window exists for her to be extracted from the Amazon Jungle, provided SSA Steve Turner can get to her in time.

Oh, and Lily is arrested as a jewel thief, which reveals a secret she and her mother have been harboring for years.

A Wail of Souls

Book V of the Glenfield Series

Who is up for a treasure hunt? This full-length novel is projected out of response from my readers who want to follow up on Dr. Jack McCranie, the former Army surgeon who has suffered from PTSD every since that night he defended his comrades and a young boy from attack shortly after their helicopter was shot down in Afghanistan. If put into production, this book will be rich with action and adventure as Jack learns to overcome PTSD and still function in society as the skilled surgeon he is. Jack finds himself in trouble when he stumbles across a group of treasure hunters deep in the New Mexico desert on the outskirts of an abandoned military facility. Is the woman who calls herself Rayvin his friend, or is she the mastermind of the group who will destroy anyone who gets in their way as they seek the treasure hidden in the hills?
